

# AKRON MOTORCYCLE 2T JASO FB®

2-stroke engine oil

**AKRON**  
YOUR WORLD IN MOTION

## • Product Description

Akron Motorcycle 2T JASO FB is an advanced high quality 2-stroke engine oil specially designed with base stock and additives package that offers detergency, dispersancy, antiwear, antirust and antioxidant capacity, to give good anti-wear and antiseizure properties for use in motorcycles and other 2-stroke machinery.

It meets with specification JASO FB.

## • Benefits

- Mixes easily with gasoline.
- Provides a smoother startup.
- Avoids pre-ignition.
- Prevention from spark plug fouling.
- Protection from build up of carbon deposits.
- Reduces friction and emissions.
- Saves money: no additional additives required, delivering longer life for engine.
- Outstanding rust and corrosion protection.

## • Applications

Akron Motorcycle 2T JASO FB is recommended for all 2-stroke motorcycle and other 2-stroke equipment and for use in pre-mix and oil injection systems.

Recommended fuel/oil ratios from 50:1

Note: See owner's manual for the correct fuel/oil ration.

## • Typical Properties

Test	ASTM Method	Results
Product Code		0193
ASTM Color	D 1500	4.5
Viscosity at 40°C, cSt	D 455	48
Viscosity at 100°C, cSt	D 455	7.5
Viscosity Index	D 2270	120
Flash Point, °C	D 92	70
Minimum Pour Point, °C	D 97	-12
TBN, mg KOH/g	D 2896	1.9
Sulphated Ashes, %	D 874	0.1

## • Caution

Avoid long contact with skin. Extensive studies on the effect of oil derived hydrocarbons, which are the base of all types and trademarks of lubricant oils, have shown that these are harmful and can cause damage in humans. In case of eye contact, IMMEDIATELY flush eyes thoroughly with water and seek medical assistance. Keep all empty containers away from heat since emanating vapors are health hazardous.

Do not pollute. Do not pour used oil in drains or sewers. Empty containers of all oil residues, since these are soil and water contaminants.

Issue Date: December 17, 2014

**Don't pollute; protect the environment by disposing of used containers, oils and fluids at authorized sites. Verify that your service provider complies with environmental guidelines for fluids disposal.**
